

Health Innovations Research Institute
in partnership with the Australasian Society of
Clinical and Experimental Pharmacologists and
Toxicologists (ASCEPT)

Natural Products Research Conference

Thursday 5 December 2013

An official satellite conference of the 2013 ASCEPT annual scientific meeting

The focus of the conference will be basic and clinical research, from venoms and plant extracts to recombinant mammalian proteins:

- Designing new treatments for metabolic disease from natural product leads
- Designing new pain-killing drugs from toxins and other natural products
- Designing nutraceuticals
- New frontiers in designing therapeutics from natural product leads.

Keynote Speakers

- Professor Baldomero Olivera, Distinguished Professor of Biology, University of Utah
- Professor Jeffrey White, Director, Office of Cancer Complementary and Alternative Medicine, Division of Cancer Treatment and Diagnosis, National Cancer Institute, National Institute of Health (USA)

Venue

The Design Hub
RMIT University
Melbourne, Australia
