

## Scientific program

as at 17 November 2020  
program is subject to change  
# refers to abstract number

## Thank you to our sponsors

### Principal sponsor

**Bb** Bellberry Limited  
supporting research and ethics

### Platinum sponsors

### Gold sponsors

### Silver sponsors

### Bronze sponsors

**Tuesday 24 November 2020 | 12.00 – 5.15 pm** Australian Eastern Daylight Time (AEDT)

**12.00 – 12.46 Conference opening**

Dr Danijela Gnjidic, ASCEPT President  
Assoc Prof Joseph Nicolazzo, APSA President  
Dr Dan Wright, ASCEPT Co-chair  
Dr Jonathan Penm, APSA Co-chair

**Opening keynote presentation**

**Chair:** Prof Kevin Pflieger, The University of Western Australia

Sponsored by

**Molecular phenomic and systems medicine approaches to healthcare in a COVID-19 dominated world - 100**

Prof Jeremy Nicholson, Murdoch University, Perth

**12.48 – 1.08 Concurrent session**

**Meet the speaker discussion group** with Prof Jeremy Nicholson  
**Facilitator:** Prof Kevin Pflieger, The University of Western Australia  
(20 pre-registered participants)

**Time to view posters and visit the sponsors portal**

**1.08 – 1.14 Mini break**

**1.15 – 2.15 Concurrent symposium sessions**

**Symposium 1: Communicating science in an age of uncertainty**

Sponsored by

**Symposium 2: Peptide therapeutics**

Sponsored by

**Symposium 3: Novel approaches to solving the antibacterial resistance crisis: TB and Malaria**

**Chair:** Dr Ian Musgrave, University of Adelaide

**Chairs:** Prof Ross Bathgate, Florey Institute of Neuroscience and Mental Health, and Dr Martina Kocan, The University of Melbourne

**Chair:** Assoc Prof Lisa Kaminskas, The University of Queensland

**Frankenfood and factory farms: Lessons from communicating science in agriculture - 101**  
Dr Heather Bray, University of Western Australia

**Structure and dynamics of class B1 G protein-coupled receptors - 105**  
Prof Patrick Sexton, Monash University

**Rational design of 'resistance resistant' anti-tuberculosis drugs - 109**  
Assoc Prof David Ascher, Baker Institute/Bio21

**Communicating science in an age of uncertainty: The foam and the fury – PFAS and possible risk of cancer - 102**  
Prof Nicholas Buckley, The University of Sydney

**Discovery and development of novel amylin agonists for obesity and diabetes - 106**  
Prof Debbie Hay, University of Auckland, New Zealand

**Therapeutic drug monitoring in tuberculosis - 110**  
Prof Jan-Willem C. Alffenaar, The University of Sydney

**Communicating vaccine risk in the age of COVID-19, lessons from communicating toxicological fears to vaccine refusers - 103**  
Dr Ian Musgrave, University of Adelaide

**Fluorescence imaging of peripheral nerves by a Nav1.7-targeted inhibitory cystine knot peptide - 107**  
Assoc Prof Christina Schroeder, National Cancer Institute, USA

**Bromodomain proteins as potential malaria drug targets - 111**  
Dr Michael Duffy, Melbourne University

**Communicating quality use of medicines during COVID-19 - 104**  
Assoc Prof Darren Roberts, University of New South Wales

**Unique mechanisms of GPCR biased signalling by peptidomimetic agonists of the relaxin receptor RXFP1 - 108**  
Prof Ross Bathgate, Florey Institute of Neuroscience and Mental Health

**Panel discussion**

**Panel discussion**

**Panel discussion**

**2.15 – 2.29 Coffee break**

Tuesday 24 November 2020 program continued over page

Tuesday 24 November 2020 *continued*

2.30 – 3.50 Concurrent oral sessions			
Oral presentations 1: Education	Oral presentations 2: Oncology	Oral presentations 3: Toxicology and medicines-related harm	Oral presentations 4: Drug Discovery
<p><b>Chair:</b> Dr Sarira El-Den, The University of Sydney</p> <p><b>Interprofessional student-led Influenza Vaccination Clinic - 112</b> Prof Jane Hanrahan, The University of Sydney</p>	<p><b>Chair:</b> Dr Anna-Marie Babey, University of New England</p> <p><b>Effect of phenethyl-isothiocyanate on human breast cancer cells MDA-MB-231 and MCF-7 - 117</b> Dr Suong Ngo, The University of Adelaide</p>	<p><b>Chair:</b> Dr Rachael Farrington, The University of Adelaide</p> <p><b>Exploring the TRAIL of doxorubicin-induced cardiotoxicity - 122</b> Ms Michelle Sims, University of Adelaide</p>	<p><b>Chair:</b> Dr Katie Leach and Dr Lauren May, Monash University</p> <p><b>Characterising G protein coupling of angiotensin II and bradykinin receptor heteromers using mini G proteins - 127</b> Dr Elizabeth Johnstone, Harry Perkins Institute of Medical Research</p>
<p><b>Learning on the run – Pharmacy educators’ experiences with the Australian Pharmacy Residency Program - 113</b> Mr Chih Yuan (Jason) Wang, The University of Queensland</p>	<p><b>Androgen regulated UDP-glucuronosyltransferases (UGT) 2B11 and 2B28 are prognostic indicators in luminal androgen receptor positive/molecular apocrine breast cancer - 118</b> Assoc Prof Robyn Meech, Flinders University</p>	<p><b>The prevalence of medication-related hospital admissions in Australia: A systematic review and meta-analysis - 123</b> Miss Isabelle Gillooly, The University of Sydney</p>	<p><b>A new pertussis toxin-like protein complex as a tool for investigation of GPCR-Gαi and Gαz signalling - 128</b> Mr Alastair Keen, Monash University</p>
<p><b>How do consumers interact with pharmacy students in educational settings? A systematic review. - 114</b> Mr William Nguyen, The University of Sydney</p>	<p><b>A preliminary study on the anti-melanoma effect of novel resveratrol nanoparticle formulations - 119</b> Dr Yan Jing Yee, Curtin University</p>	<p><b>National suicide prevention strategies by reducing access to poisons: A systematic review - 124</b> Miss Jessie Lim, The University of Sydney</p>	<p><b>Differential G protein activation kinetics may underpin the beneficial aspects of clinically trialled adenosine A1 receptor atypical agonists - 129</b> Ms Samantha McNeill, Monash University</p>
<p><b>Preparation for practice – Implementation of an eBootcamp interactive prescribing series of workshops for final year medical students - 115</b> Assoc Prof Kellie Charles, The University of Sydney</p>	<p><b>Triple negative breast cancer: Screening for the invasion amplifying cAMP-calcium feedforward loop mechanism - 120</b> Mr Terrance Lam, Monash University</p>	<p><b>Harm from cardiovascular medications: The omitted ‘C’ - 125</b> Miss Chariclia Paradissis, The University of Queensland</p>	<p><b>The structural basis for the UDP-sugar selectivity of human UDP-glycosyltransferase 2B7 (UGT2B7): A combined computational and experimental approach - 130</b> Dr Pramod Nair, Flinders University</p>
<p><b>Can multiple choice questions examine application of knowledge in online assessments? - 116</b> Dr Suong Ngo, The University of Adelaide</p>	<p><b>The role of UGT enzymes as novel modulators of lipid biosynthesis and SREBP signalling in breast cancer - 121</b> Mr Jai Meyers, Flinders University</p>	<p><b>The prevalence and characteristics of psychotropic-related hospitalisations in older people: A systematic review and meta-analysis - 126</b> Ms Ilsa Wojt, The University of Sydney</p>	<p><b>Characterisation of the G protein coupling profiles of PAC1 receptor splice isoforms - 131</b> Miss Jessica Lu, Monash University</p>

3.50 – 3.59 Mini break

4.00 – 4.30 British Pharmacological Society keynote presentation

**Chair:** Dr Danijela Gnjidic, The University of Sydney

Sponsored by

**The use of AI to enhance the success and efficiency of drug discovery and development - 132**

Prof Jackie Hunter, Board Director, BenevolentAI, UK

4.31 – 5.15 Concurrent session

<p><b>Meet the speaker discussion group with Jackie Hunter</b> <b>Facilitator:</b> Dr Danijela Gnjidic, The University of Sydney (20 pre-registered participants) 4.31 – 4.51pm only</p>	<p><b>It's rarely black and white - developing tolerance of uncertainty in our students</b> Assoc Prof Elizabeth Davis (20 pre-registered participants)</p>	<p><b>Asking the hard questions - what are we doing to make diversity and inclusion matter?</b> Assoc Prof Tina Hinton (20 pre-registered participants)</p>	<p><b>Get social - how social media can help maximise the reach and impact of our research</b> Dr Arisbel Batista Gondin (20 pre-registered participants)</p>	<p><b>Networking event—'speed dating' style from 4.31 – 5.01pm</b></p>	<p><b>Time to view posters and visit the sponsors portal</b></p>
--	---	---	---	--	--

**Wednesday 25 November 2020 | 12.00 – 6.00 pm** Australian Eastern Daylight Time (AEDT)

**10.00 – 11.00 The 54th Annual General Meeting of ASCEPT**

Via zoom- please contact ASCEPT Executive Officer Katie Roberson at [ascept@ascept.org](mailto:ascept@ascept.org) for zoom link.

**9.00 – 11.59 Time to view posters and visit the sponsors portal**

Sponsored by

**AFT pharmaceuticals**  
Working to improve your health

**12.00 – 12.42 Concurrent session**

**ASCEPT Early Achievement Award for Women**

**Chair:** Dr Danijela Gnjidic, The University of Sydney

**Plant with the scorpion sting: Pharmacology of Australia's most venomous plant "Gympie-Gympie" - 200**

Dr Jennifer Deuis, The University of Queensland

**ASCEPT Gillian Shenfield Early Educator Award**

**Chair:** Assoc Prof Elizabeth Davis, Monash University

**An adaptive e-tutorial for development of critical appraisal skills - 201**

Dr Eryn Werry, The University of Sydney

**Pharmaceutical Society of Australia (PSA) sponsored lecture (12.00 – 12.30)**

**Chair:** Dr Janet Sluggett, University of South Australia

**Global solutions to global challenges- prioritising our efforts - 202**

Prof Parisa Aslani, The University of Sydney

Sponsored by

**Pharmaceutical Society of Australia**

**12.45 – 2.20 Concurrent oral sessions**

ASCEPT Garth McQueen student oral prize	Oral presentations 5: Clinical Pharmacology Sponsored by <b>PKPDRX</b>	Oral presentations 6: Respiratory and Cardiovascular Pharmacology	Oral presentations 7: Pharmacy Practice
<b>Chairs:</b> Dr Nicola Smith, University of New South Wales, and Dr Carl White, University of Western Australia	<b>Chair:</b> Dr David Liew, Austin Health	<b>Chair:</b> Assoc Prof Stavros Selemidis, RMIT University, and Mr Charlie Cohen, Baker Heart and Diabetes Institute	<b>Chair:</b> Dr Sara McMillan, Griffith University
<b>Biased negative allosteric modulators for the calcium-sensing receptor have differential bronchodilator and bronchoprotective effects in mouse precision cut lung slices - 203</b> Miss Jiayin Diao, Monash University	<b>Predictive performance of population pharmacokinetic models for tacrolimus in lung transplant recipients - 209</b> Ms Rani Singh, University of New South Wales	<b>Apocynin ameliorates cigarette smoking-induced loss of skeletal muscle mass and function by preserving protein synthesis signalling - 215</b> Dr Stanley Chan, RMIT University	<b>The psychosocial and work related impacts of the COVID-19 pandemic on Australian Pharmacists - 221</b> Mrs Karlee Johnston, Australian National University
<b>Effects of ABC transporter modulation on olanzapine entry into the developing brain - 204</b> Miss Yifan Huang, The University of Melbourne	<b>Intracellular enzymatic activation of 4-hydroxycyclophosphamide in leukocytes - 210</b> Mr Minghan Yong, University of Auckland	<b>Spatial reference memory impairment is augmented in hypertensive mice following stroke - 216</b> Dr David Wong Zhang, La Trobe University	<b>Do pharmacy practice standards effectively describe behaviour? Reviewing practice standards using a behavioural specificity framework. - 222</b> Ms Deanna Mill, University of Western Australia
<b>Evaluation of a combination therapy that provides broad renoprotection against DOCA/salt-induced hypertension - 205</b> Ms Yifang Li, Monash University	<b>The influence of haemostatic system maturation on the dose-response relationship of unfractionated heparin - 211</b> Mr Abdallah Derbalah, University of Otago	<b>Relaxin inhibits matrix remodelling of collagen gels by asthmatic fibroblasts - 217</b> Dr Maggie Lam, Monash University	<b>Expanding primary health care pharmacy practice in Aotearoa New Zealand: Testing theories using a realist-informed approach - 223</b> Dr Caroline Morris, University of Otago
<b>Cigarette smoking does not worsen skeletal muscle contractile function or loss caused by acute viral infection in mice - 206</b> Mr Kevin Mou, RMIT University	<b>Towards precision dosing of vancomycin in critically ill patients: Evaluating predictive performance of pharmacometric models in Intensive Care Unit patients - 212</b> Mr Christopher Cunio, University of New South Wales	<b>Anandamide-induced vasodilatation in normotensive and hypertensive rats - 218</b> Ms Daria Kornienko, The University of Melbourne	<b>Interprofessional collaboration of general practice pharmacists in the Australian Capital Territory - 224</b> Mrs Thilini Sudeshika, University of Canberra

Wednesday 25 November program continued over page

**Wednesday 25 November 2020 continued**

<p><b>Deletion of orphan GPCR, GPR37L1, alters autonomic control of cardiovascular homeostasis in mice - 207</b> Ms Margaret Mouat, University of New South Wales</p>	<p><b>Circulating intestinal fatty acid binding protein and gastrointestinal toxicity in Russell's Viper envenomation - 213</b> Dr Varan Peranathan, Royal Prince Alfred Hospital</p>	<p><b>The pro-resolving lipid mediator lipoxin A4 protects against inflammation in diabetic cardiomyopathy - 219</b> Ms Ting Fu, The University of Melbourne</p>	<p><b>Pharmacists' roles in supporting people living with severe and persistent mental illness: A systematic review - 225</b> Ms Ricki Ng, The University of Sydney</p>
<p><b>The nitroxyl donor Angeli's salt circumvents nitric oxide resistance in the insulin-resistant diabetic myocardium - 208</b> Ms Anida Velagic, Monash University</p>	<p><b>Quality analysis of commercially available Annona muricata leaf products - 214</b> Ms Wai Jo Jocelin Chan, The University of Sydney</p>	<p><b>Ebselen prevents cigarette smoke-induced cognitive impairment in mice - 220</b> Dr Simone De Luca, RMIT University</p>	<p><b>Are Australian community pharmacists engaging in mental health promotion? - 226</b> Mr Oliver Watt, University of South Australia</p>

**2.20 – 2.49 Coffee break**

**2.50 – 3.20 Concurrent session**

<p><b>ASCEPT lecture</b> <b>Chair:</b> Dr Danijela Gnjidic, The University of Sydney</p>	<p><b>APSA lecture</b> <b>Chair:</b> Assoc Prof Joseph Nicolazzo, Monash University</p>
<p><b>Translational studies in geriatric pharmacology: Contributing to the global challenge of ageing well - 227</b> Prof Sarah Hilmer, Royal North Shore Hospital; The University of Sydney</p>	<p><b>Giving/taking/matching/diversifying/translating/amplifying – Is collaboration worth it? - 228</b> Prof Tina Brock, Monash University Sponsored by</p> <div style="text-align: center;">  <p>     </p> </div>

**3.21 – 3.41 Concurrent session**

<p><b>Time to view posters and visit the sponsors portal</b></p>	<p><b>Meet the speaker discussion group</b> with Prof Tina Brock <b>Facilitator:</b> Assoc Prof Joseph Nicolazzo, Monash University <b>(20 pre-registered participants)</b></p>
--	---

**3.41 – 3.49 Mini break**

**3.50 – 5.10 Concurrent oral sessions**

<p><b>Oral presentations 8: Pharmacoepidemiology—Drugs and ageing</b> Sponsored by</p> <div style="text-align: center;">  </div>	<p><b>Oral presentations 9: Neuro- &amp; Urogenital Pharmacology</b></p>	<p><b>Oral presentations 10: Drug Delivery, Disposition &amp; Response</b></p>	<p><b>Oral presentations 11: Improving patient outcomes</b> Sponsored by</p> <div style="text-align: center;">  </div>
<p><b>Chair:</b> Dr Lisa Kalisch Ellett, University of South Australia</p>	<p><b>Chair:</b> Dr Jennifer Deuis, The University of Queensland</p>	<p><b>Chair:</b> Assoc Prof Cornelia Landersdorfer, Monash University</p>	<p><b>Chair:</b> Assoc Prof Joy Spark, University of New England</p>
<p><b>Outcomes of discontinuing anticholinergic medications in people living with dementia: A systematic review - 229</b> Dr Nagham Ailabouni, University of South Australia</p>	<p><b>Differential sleep/wake response and sex effects following acute suvorexant, MK-1064 and zolpidem administration in the rTg4510 mouse model of tauopathy - 234</b> Mr Ryan Keenan, The University of Melbourne</p>	<p><b>A safety, tolerability and pharmacokinetic study of a novel simvastatin silica-lipid hybrid formulation in healthy male participants - 239</b> Ms Tahlia Meola, University of South Australia</p>	<p><b>“The lesser of two evils”: Consumer perspectives on opioid deprescribing and the development of opioid deprescribing guidelines - 244</b> Ms Aili Langford, The University of Sydney</p>
<p><b>Utilising MedicineInsight to promote quality of care among Australians with dementia: A national general practice dataset - 230</b> Dr Edwin Tan, The University of Sydney</p>	<p><b>Effects of <math>\beta</math>-estradiol on porcine distal ureteral contractility - 235</b> Dr Iris Lim, Bond University</p>	<p><b>Quantum dot nanomedicine formulations dramatically improve pharmacological properties and alter uptake pathways of metformin and nicotinamide mononucleotide in aging mice - 240</b> Dr Nicholas Hunt, The University of Sydney</p>	<p><b>A meta-analysis on outcomes of medication misadventure among people with cognitive impairment or dementia - 245</b> Ms Anum Saqib Zaidi, University of Tasmania</p>

Wednesday 25 November program continued over page

**Wednesday 25 November 2020** *continued*

<p><b>Older adult and caregiver attitudes towards deprescribing: A systematic review - 231</b> Dr Kristie Weir, University of South Australia</p>	<p><b>Positive allosteric modulation of the M4 muscarinic acetylcholine receptor reverses MK-801 induced hyperlocomotion and sensorimotor gating deficits in mice - 236</b> Dr Emma van der Westhuizen, Monash University</p>	<p><b>Piperacillin/tazobactam plus tobramycin versus Pseudomonas aeruginosa in two in vitro infection models - 241</b> Miss Jessica Tait, Monash University</p>	<p><b>Development and validation of explicit criteria for identification of potentially inappropriate prescribing for people with type 2 diabetes mellitus - 246</b> Mr Mohammed Ayalew, University of New England</p>
<p><b>Improving acute care for people with dementia: Dementia Cohort in Acute caRE settings study (D-CARE) - 232</b> Dr Mouna Sawan, The University of Sydney</p>	<p><b>Utilizing mini-G protein biosensors and BRET to profile orexin receptor pharmacology - 237</b> Miss Natasha Dale, Harry Perkins Institute of Medical Research</p>	<p><b>The effect of caffeine intake on the renal clearance of calcium, sodium and creatinine in healthy adults - 242</b> Dr Hayley Schultz, University of South Australia</p>	<p><b>Duration of postoperative opioid use after hip or knee surgery: A systematic review and meta-analysis - 247</b> Miss Xinyi Wang, The University of Sydney</p>
<p><b>Tools to evaluate medication management for caregivers of people with dementia: A systematic review - 233</b> Miss Melissa Gench, The University of Sydney</p>	<p><b>Entry of valproate and lamotrigine into the developing brain - 238</b> Mr Samuel Toll, The University of Melbourne</p>	<p><b>The effect of chronic polypharmacy and monotherapy on drug pharmacokinetics in mice - 243</b> Dr John Mach, The University of Sydney</p>	<p><b>Supporting medication adherence in the Maori and Pacific Islander Community with Type 2 Diabetes in Australia - 248</b> Mrs Natasha Taufatofua, The University of Queensland</p>

**5.10 – 5.14** Mini break

**5.15 – 6.00** Concurrent session

<p><b>It's rarely black and white - developing tolerance of uncertainty in our students</b> Assoc Prof Elizabeth Davis (limited to 20 pre-registered participants)</p>	<p><b>Asking the hard questions - what are we doing to make diversity and inclusion matter?</b> Assoc Prof Tina Hinton (limited to 20 pre-registered participants)</p>	<p><b>Get social - how social media can help maximise the reach and impact of our research</b> Dr Arisbel Batista Gondin (limited to 20 pre-registered participants)</p>	<p><b>Networking event— 'speed dating' style from 5.15 – 5.45pm</b></p>	<p><b>Time to view posters and visit the sponsors portal</b></p>

**Thursday 26 November 2020, 12.00 – 4.00 pm** Australian Eastern Daylight Time (AEDT)

**9.00 – 11.59 Time to view posters and visit the sponsors portal**

**12.00 – 1.25 Concurrent session**

**Certara New investigator award**

*Sponsored by*

**APSA Emerging Leaders session**

**Chair:** Dr Danijela Gnjidic, The University of Sydney

**Understanding the imprecision of precision dosing - 300**

Dr Sophie Stocker, The University of Sydney

**Chair:** Assoc Prof Joseph Nicolazzo, Monash University

**Implementation and evaluation of a virtual pharmacy Objective Structured Clinical Examination (OSCE) - 304**

Dr Vivienne Mak, Monash University

**Novel BRET approaches to understand the complexities of endogenous GPCR function - 301**

Dr Carl White, University of Western Australia

**Pharmacist-led intervention using a web-based tool to reduce high-risk medication use in older in-patients - 305**

Dr Emily Reeve, University of South Australia

**Rational design of dose individualisation strategies for 5-Fluorouracil (5-FU) - 302**

Dr Stephanie Reuter Lange, University of South Australia

**Understanding the mechanisms behind the oral bioavailability enhancement of abiraterone acetate by silica-lipid hybrid formulations - 306**

Dr Hayley Schultz, University of South Australia

**Concomitant proton pump inhibitor use and survival in patients with advanced cancer treated with atezolizumab - 303**

Dr Ashley Hopkins, Flinders University

**Evaluation of a pilot vancomycin therapeutic drug monitoring (TDM) service using an interrupted time series analysis - 307**

Dr Sophie Stocker, The University of Sydney

**1.25 – 1.39 Coffee break**

**1.40 – 2.40 Concurrent symposium session**

**Symposium 4: Global challenges in education: Creating an inclusive environment**

**Symposium 5: Innovative therapeutic approaches of resolution pharmacology**

**Symposium 6: Interdisciplinary strategies to address unwarranted variation in high-risk medicines use in aged care**

*Sponsored by*

**Chairs:** Assoc Prof Elizabeth Davis, Monash University, and Assoc Prof Christian Moro, Bond University

**Supporting and including our International students - 308**

Assoc Prof Betty Exintaris, Dr Nilushi Karunaratne and Dr Suzanne Caliph, Monash University

**Chairs:** Dr Chengxue Helena Qin, Monash University, and Prof Ross Vlahos, RMIT University

**Dysregulated ALX/FPR2 ligand expression defines a novel molecular subtype of lung cancer - 312**

Prof Steven Bozinovski, RMIT University

**Chair:** Dr Edwin Tan, The University of Sydney

**Geographical and intra-facility variation in medicines use in Australian aged care facilities - 316**

Dr Janet Sluggett, University of South Australia

**Promoting gender equity and diversity in the classroom - 309**

Assoc Prof Tina Hinton, The University of Sydney

**Lipoxin, a novel approach to treat diabetes-associated atherosclerosis - 313**

Prof Catherine Godson, Diabetes Complications Research Centre, Ireland

**Unexplained variation in psychotropic use in aged care facilities: How does organisational culture contribute? - 317**

Dr Mouna Sawan, The University of Sydney

**You wouldn't ask a goldfish to climb a tree! Neurodiversity and associated opportunities for inclusion and improved outcomes for all - 310**

Dr Arlene Taylor, intégré FUTURES

**Advances in specialized pro-resolving mediator (SPM) G protein-coupled receptors - 314**

Dr Christopher Langmead, Monash University

**Medication Advisory Committees: A means to address unexplained variation in medicines use - 318**

Prof Simon Bell, Monash University

**Strengthening Indigenous health workforces - 311**

Assoc Prof Karen Adams, Monash University

**Cardioprotective potential of resolving inflammation in the heart - 315**

Prof Rebecca Ritchie, Monash University

**The Registry of Senior Australians (ROSA) Outcome Monitoring System: Quality and safety indicators for examining unwarranted care variation - 319**

Assoc Prof Gillian Caughey, South Australian Health and Medical Research Institute (SAHMRI)

**Panel discussion**

**Panel discussion**

**Panel discussion**

(including Dr Angelita Martini, Brightwater Research Centre)

**2.40 – 2.59 Coffee break**

*Thursday 26 November program continued over page*

## Thursday 26 November 2020 *continued*

### 3.00 – 3.33 APSA medal

**Chair:** Assoc Prof Joseph Nicolazzo, Monash University

#### **A Tribute to Dot Saville**

Prof Andrew McLachlan, The University of Sydney

#### **The magic of LiPhe: *Leadership in pharmacy/pharmacology education* - 320**

Prof Kevin Batty, Curtin University

### 3.35 – 4.00 Meeting close and awards

Dr Danijela Gnjidic, ASCEPT President

Assoc Prof Joseph Nicolazzo, APSA President
